No School

Here are a few reminders:

- We were blessed to have our high school and middle school show choirs over to perform for our students today.
- Thank you to everyone who came out today for Genius Hour for Mrs. Beasley and Mrs. Shaw's classrooms. The other fourth-grade classes have time set up for their Genius Hour projects in the next few weeks.
- Please take a moment to check your child's lunch account balance. As a reminder, you can set up automatic payments when a child's balance goes below a certain amount.
- The district shared a letter about the five essentials survey. We appreciate your support in taking this survey for our school and district.
