

The Bridge Teen Center April 2026 Mission of the Month

For the month of April, we will be collecting donations for the Bridge Teen Center in Orland Park.

Their mission is to provide free programs during after-school and unsupervised hours where students can develop mentally, physically, emotionally, and spiritually in a safe environment. The vision of The Bridge Teen Center is to provide teens with a place to find hope, purpose, and direction. The program is open to children in 7th through 12th grade. They rely entirely on the volunteer and financial support of the community to keep their programs free for students. Currently, their funding comes from The Bridge Thrift Store (31% plus in-kind supplies), foundations (26%), businesses/entities (25%), and individual donors (18%).
